You can ride your bicycle from the Old Mackinac Point Lighthouse in Mackinaw City to McGulpin Point Lighthouse by riding along the edge of streets and using a paved shoulder on Central Avenue. The ride is approximately 2.5 miles one way. You can also ride to the Headlands County Park and Wilderness State Park. Use caution and obey traffic laws when riding next to the road.

The nature trails at the Headlands can be used for hiking, biking, and cross-country skiing.
